

There is a Pathway from Unhoused to Housed

The many agencies and individuals involved in the Northwest Michigan Coalition to End Homelessness are working together to create the best individualized Pathway to housing for everyone experiencing homelessness in northwest Michigan.

The Pathway is not the same for everyone, and shouldn't be. Some folks just need a little guidance while in crisis, others may need lifetime supports, and most will be somewhere in between. The resources available through the Coalition are provided based on assessment results and are personalized for each individual and family.

Inside you will find a map of the different Pathways that will be offered to those facing homelessness in our area.

Northwest Michigan Coalition to End Homelessness (NWCEH) is a coalition of community organizations and individuals with an interest in homelessness, housing needs, supportive housing, or housing related services in Antrim, Benzie, Charlevoix, Emmet, Grand Traverse, Kalkaska, Leelanau, Manistee, Missaukee, and Wexford counties.

The members of NWCEH serve those who are experiencing homelessness or may be falling into homelessness: you, your neighbors or those living on the streets to name a few. Many members of our communities are experiencing a financial crisis that is affecting their ability to maintain housing stability.

OUR VISION

We believe that having a safe permanent home is a basic human right. Our vision is to end homelessness in the Northwest Michigan region.

OUR MISSION

NWCEH will work collaboratively to end homelessness by addressing housing issues through a community based process that develops a comprehensive coordinated continuum of care to individuals and families who are homeless or at risk of becoming homeless in the community it serves.

OUR PURPOSE

To ensure that individuals and families have access to safe, decent, affordable housing and support services designed to help them become integrated socially and economically into their communities.
